

# Taco Tags

featuring

**Taco Tags** connect you with eLink™, Taco Comfort Solutions' connectivity platform using the power of NFC Tags. **Taco Tags** provide users with all the relevant documents for a specific product, right on their phone. Your digital document library will always be accessible with the most up to date documentation and product information.

- Flexible silicone waterproof design encases NXP Semiconductor microchip, or other approved supplier, and copper coil antenna
- Lock feature - a tamper-proof solution preserving the factory information stored on the microchip.
- Minimum storage capacity 144 bytes
- 3M 966 Adhesive
- On-Metal layer 0.30-0.35 mm ferrite material to promote electromagnetic conduction on industrial metal equipment
- Operating temperatures -40°C to +160°C

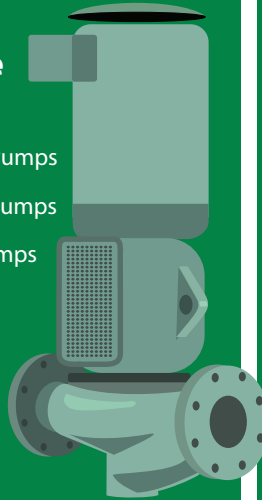

## What do you have access to?
